PROPOSED STORM DRAINAGE  
C.D.B.G. PROJECT IMPROVEMENTS

City of Bainbridge  
PUMP STATION

Drawn: JPY	No.	Revisions	Date
Designed: TPY	1	REVISED VOLTAGE TO 460V	04/18/25
Checked: JPY			
Job No.: 2022-06			
Scale: NOTED			
Date: DEC 21, 2022			

Sheet

4. Treat stumps over 4" in diameter with herbicide to prevent regrowth. Apply in accordance with manufacturer's instructions. Protect remaining adjacent vegetation from herbicide damage.
5. Water trees and other vegetation as required to maintain their health during the course of construction operations.

### 3.02 STRIPPING TOPSOIL

- A. Strip topsoil to its full depth at building areas, and all areas to be regraded, resurfaced, or paved within contract limit work area.
- B. Stop topsoil stripping at trees designated to remain, a sufficient distance to prevent damage to the root system.
- C. Stockpile topsoil in a location acceptable to the Engineer, for use in finish grading and preparation of lawns and planting beds.

### 3.03 SITE IMPROVEMENTS

- A. Remove existing site improvements within contract limits as indicated on plans in acceptable manners to the Engineer.
- B. Remove existing sidewalks, curbs, and paving, including all base material, as required to accommodate new construction. Cut existing sidewalks, curbs, and paving in neat, straight lines to provide uniform, even transition from new to adjacent existing work. Cut back existing paving a sufficient distance to permit forming and installation of new work.
- C. Leave below grade voids open and clean. Fill materials will be provided and grading performed in accordance with specification section entitled - "Earthwork".
- D. Existing materials:
  1. Paving base materials where indicated, may remain in place.

### 3.04 SALVAGED MATERIALS

- A. Remove, store, protect, and reinstall items as directed by the Engineer.
- B. Materials, items, and equipment not scheduled for reinstallation or salvaged for the Owner's use are the property of the Contractor. Remove cleared materials from the site as the work progresses. Storage and sale of Contractor's salvage items on site is not permitted.

### 3.05 DISPOSAL

- A. Waste material resulting from the Site Preparation and Clearing shall be removed from the work site and disposed of by CONTRACTOR at his expense. No materials will be burned unless directed to do so by the OWNER. The Contractor shall strictly adhere to and be responsible for compliance with all local and State laws relating to the disposal.

- END OF SECTION -
